---

---

---

---

---

---

### High Acuity Lower Volume

- Build correct
- Bigger better OR
- Overnight stay
- Air system
- Information systems

---

---

---

---

---

---

---

### Safety Built Into Facility

- Generator backup
- Electrical system
- Xray ,MRI, CT back up
- Instrument management processing storage, backup

---

---

---

---

---

---

---

## OR

- 800 sq. feet
- Modern for MISS
- Built for lots of equipment
- Scope, C-Arm, monitoring
- Arthroscopic

---

---

---

---

---

---

---

## Nursing

- Lower ratios
- Nurse as educator
- Pre and post-op
- Scheduling challenges pool of per diem
- Limits contact personnel to patient

---

---

---

---

---

---

---

## Nursing

- Mobilization patients don't let them sit
- Motivator
- Patient family education
- Realistic expectations

---

---

---

---

---

---

---

## Choices

- Choose your patient
- Choose your doctors
- Be willing to say no to cases

---

---

---

---

---

---

---

## 3501 Jamboree Rd

---

---

---

---

---

---

---

## Scheduling

- Big sand to little sand
- Takes into account max coverage
- Best use of time
- Doctor availability anesthesia still in house

---

---

---

---

---

---

---

## Pain Management

- Added on to schedule
- Anesthesia still there
- Oversee post op pain management as well
- Avoid over sedation
- Ice, toradol, blocks ,mini dose narcotics

---

---

---

---

---

---

---

## Home Heath

- Nursing backup for after discharge
- Home nurse used for larger cases
- Nursing visits to hotel ?

---

---

---

---

---

---

---

## OR Technology

---

---

---

---

---

---

---

## Cost

- Know them !!!
- Case cost
- Physician cost
- Implants
- Equipment

---

---

---

---

---

---

---

## Protocols on Everything

- Hand washing, scrubs, patient contact
- Bladder management avoid indwelling catheters avoid over distention
- Mobilization
- Education patient / family
- Wound education

---

---

---

---

---

---

---

## Emergency ??

- Transfer agreement (Used twice in six years)
- Training, proper equipment
- Drills
- Who is in charge

---

---

---

---

---

---

---

Thank You

---

---

---
